---

Welcome to the 4th Annual G7N Conference. We're honored that you have demonstrated your faith in the future of this group through your commitment to attend. We promise an interesting and beneficial experience that promotes smart business decisions and discussions amongst all attendees who hail from all over the globe.

Expect a warm Cocktail Reception as we watch the sunset go down and gather around the pool, where we will be celebrating all different cultures in what will be a perfect ice-breaker to a great event.

Havana Night is the theme for the Gala Dinner which will be located on the beach front under the stars and of course the mainstay of any conference, expect a few surprises. Finally the plenary session where we will welcome guest speakers, discuss the networks future implementations and of course the 1:1 Meetings.

For seasoned G7N conference attendees, you will know that this is our 4th Annual Conference and will be the biggest and best yet! So, just as with the newer members, please get out to each and every activity and show your face to new and old members alike.

This G7N Pre-Conference Guide provides delegates with the information that will help you prepare for the 4th Annual G7N Conference and assist you in getting the most out of the event.

## 1:1 Meetings

1:1 Meeting Registration will be available about a month prior to the conference.

## Video Presentations for 1:1 Meetings

It is strongly recommended that all G7N Conference Delegates, intending to use a video as a visual aid during their 1:1 meetings, bring their own PC, tablet, and/or portable thumb drive device, etc. with the video already on the physical device. Wireless internet can be unpredictable and can lead to frustration. Bringing your own company content can cut down on the possibility of an unexpected outage affecting your presentation.
